

BATTLE NEAR OISE GROWS MORE AND MORE VIOLENT

PARIS REPORT DOES NOT SAY WHETHER EITHER SIDE IS PROGRESSING

Allies Gain a Little Ground on Northern Heights of the Meuse—Bombardment of Antwerp Is Imminent—Germany and Russia Continue to Report Successes in East Prussia and Galicia—Bordeaux States Important Changes Are Made in German Army Commands.

That the battle between the allies and the Germans to the north of the river Oise is growing more and more violent is the only statement that has been permitted to winnow through the sieve of official secrecy concerning the conditions prevailing on that part of the long battle line in France upon which the eyes of the world are focused. The report of the French war office makes no mention of whether progress is being made by either side of this zone, where for days the armies have been battling desperately for supremacy.

The statement is made that the allies have gained a little ground on the northern heights of the Meuse. On the center of the battle line comparative calm prevails.

No mention was made in the statement concerning the strong forces of German cavalry previously reported to be operating in the department of Nord, nor was anything said of the situation at Antwerp, against which the Germans are operating. A news agency dispatch said, however, that the military governor of Antwerp had reported to the burgomaster of Antwerp that a bombardment of the city was imminent.

Allies Make Slight Advance.

At Soissons, where the allies recently cleared the German trenches, according to the announcement, they have pressed their advantage by making a slight advance. Noyon forms the elbow from which the allied line sweeps eastward. Some advance by the allies is also reported at Bery-au-Bac.

From Belgium comes nothing to indicate any change in the situation before Antwerp, except a brief line tucked at the bottom of the Paris official statement, asserting that the German attacks along the line of the river Rupel and the river Nethe have failed.

The British press takes occasion to emphasize that, while the battle of the Aisne holds first claim in the matter of sentimental interest, the gigantic operations of the Russian, German and Austrian armies in the east may first bring the solution of the war.

Petrograd official statements continue to repeat in a general way what has been accepted here as fact for days—that the German army along the east Prussian frontier has been more or less routed and cut to pieces, but as this is only a small portion of the front, it is exceedingly hard to get anything like a clear cut perspective of the conflict.

What purports to be an official dispatch from Vienna insists in broad terms that the condition of the German and Austrian armies, both in Poland and Galicia, is favorable and that in attempting to breast the Carpathians at Lask pass the Russians have been beaten.

"Breasting the Carpathians and pouring into the plains of Hungary," by the Muscovites has been so often referred to that it is becoming trite and the fact remains that, generally speaking, aside from the defeat of Rennenkampf's army in the early stages of the war in Poland, his revenge by a crushing return and a steady advance of the Russians through Galicia, there has been nothing from the east to stand out in the nature of a clearly defined conflict like the battle of the Aisne.

Today's Petrograd official statement deals entirely with the German stand on the east Prussian frontier, making no mention of the situation either in Poland or Hungary. The much heralded battle of Cracow, which, it seems, all the correspondents anticipated, has yet to be recorded as a matter of history.

From Budapest—not often heard from as a source of war news—came a dispatch saying that though no battles in Hungary had yet been decided, the invaders were being repulsed.

Reports Shake-up in Commands.

Whether it can be accepted as true or not, a Bordeaux special dispatch reports a general shake-up in the German army command, following, but not necessarily, the result of the reported removal of Gen. Von Moltke as chief of the general staff. The most important of the changes is the shifting of Gen. Von Hindenburg from east Prussia to assume command at Cracow. He is succeeded in the field, where he scored so brilliantly over the Russians, by Gen. Curt Von Morgen.

The British press is still indulging in the pastime of guessing at the German emperor's whereabouts. The latest report is that he is at Cologne, under the protection of the powerful fortresses.

President Poincare's visit to the front is confirmed through a telegram he sent to King George, saying that he had visited Field Marshal French at British headquarters.

In the long series of national denials this war has brought is a statement issued in behalf of the British government tonight denying the German contention that Great Britain had stored ammunition at Maubeuge prior to the outbreak of the war, thus indicating an intention to violate Belgian neutrality.

GENERAL LEMAN RECOVERED.

London, Oct. 6.—Miss Marguerite Leman, daughter of Gen. Leman, the defender of Liege, according to an Ostend dispatch to the Exchange Telegraph Co., has received word that her father, who is now at Madgeburg, has recovered from the wounds caused by shrapnel during the German bombardment. He still suffers, however, from the effects of inhaling the poisonous gas given off by the puffs of the shells.

WAR BULLETINS

PARIS, Oct. 7.—3:30 a. m.—An Athens dispatch to the Havas agency says refugees from Premitti, in Epirus, European Turkey, report that Albanians are pillaging and burning Christian villages in the district of Berat, thirty miles northwest of Avlona.

LONDON, Oct. 7.—3:20 a. m.—The French government will return to Paris Wednesday or Thursday, according to the Paris correspondent of the Express, who makes this announcement on high authority. The visit of President Poincare to army headquarters is considered a good omen.

LONDON, Oct. 7.—2:07 a. m.—The Daily Telegraph's correspondent in France says: "For nearly three weeks the casualties among the British troops have been insignificant. The big German shells do comparatively little damage. The German infantry ceased long ago."

LONDON, Oct. 7.—12:10 a. m.—A dispatch to the Reuter Telegram Co. from Berlin, by way of Amsterdam, says: "By special decree issued by imperial headquarters the sessions of the Prussian diet, which have been in adjournment since June 15, will be reopened Oct. 22."

LONDON, Oct. 7.—1:23 a. m.—It is announced that the Great Eastern Railway company's steamship service between Tilbury, England, and Antwerp has been suspended.

SUPREME COURT UPHOLDS ACT FIXING PROSECUTORS' SALARIES

Refuses to Take Jurisdiction in Cases of Appeal From Industrial Board Holding Unconstitutional Provisions of Workmen's Compensation Law.

Springfield, Ill., Oct. 6.—The Illinois supreme court today upheld the constitutionality of the act fixing salaries of state attorneys.

The constitutionality of the act was attacked on the ground that the title did not include subjects in the amendment of July 1, 1913. The supreme court held that all fines, penalties and forfeitures net proceeds of which go into the school fund, must be paid to the state's attorneys in stead of being paid over in part by clerks of courts to county superintendents of schools. The state's attorneys are to turn the moneys over to the county treasurer, school superintendents to receive the net proceeds of the balance if any after salaries of the state's attorneys and his assistants are paid.

The supreme court refused to take jurisdiction in cases of appeal from the industrial board holding unconstitutional the provisions of the workmen's compensation law which provides for direct appeal to the supreme court.

RESERVE BOARD TAKES STEPS TO APPROVE COTTON LOAN PLAN

WASHINGTON, Oct. 6.—The federal reserve board took steps today to give its approval to the plan proposed by bankers of the middle west to relieve conditions in the cotton market through a \$150,000,000 loan fund. Festis J. Wade of St. Louis and other bankers who helped form the plan were asked to come to Washington for a conference as soon as convenient and it is possible that the plan will receive the approval of the board before the close of the present week.

The board appointed Governor Hamilton, Paul M. Warburg and W. P. G. Harding members of a committee to talk with the bankers about the plan. The board members have no knowledge of the details of the plan it was believed tonight that in principle it was agreeable and that unless there are unlooked for obstacles it will be endorsed.

ASKS EARLY HEARING OF CASE TESTING MINIMUM WAGE LAW

WASHINGTON, Oct. 6.—The constitutionality of minimum wage legislation on behalf of women adopted recently in several states supreme court acts favorably next Tuesday upon a request for early consideration of the case testing the validity of the Oregon minimum wage law. State officials, employers and employees in Oregon will join in asking the court for immediate decision according to notice filed today.

The case arose out of an attempt of Frank C. Stettler, owner of a manufacturing establishment in Portland, Ore., and Elmina Simpson, one of his employees to enforce the enforcement of the law. The law directed the industrial welfare commission to determine the minimum wage on which women might lawfully and healthfully be made it an offense for an employer to pay less than the amount so fixed by the commission.

WILSON AND CABINET PLAN FOR CAMPAIGN

SESSION LASTS MORE THAN TWO HOURS—ALL MEMBERS ATTEND

Itineraries of Campaign Tours Are Taken up and Subjects to Be Discussed in Speeches Are Gone Over—Bryan Goes to Ohio Tonight.

WASHINGTON, Oct. 6.—President Wilson and his cabinet gathered today as a political board of strategy and laid plans for the coming congressional campaign. It was one of the few times since the Wilson administration came into office that politics had been considered at a cabinet meeting.

The session lasted more than two hours with the entire cabinet present. Itineraries of cabinet members' campaign tours were taken up and subjects to be discussed in campaign speeches were gone over. The president expects congress to adjourn next week and immediately afterwards the campaign will be actively begun.

The fact that the United States is at peace while Europe is at war; the currency, tariff and conservation bills and the handling by the president of the crisis following the outbreak of the European war are to be the principal points to be dwelt on by the cabinet members.

The president is making efforts to harmonize all party differences before the November elections. In this connection it was reported in official circles that Henry Watterson, editor of the Louisville Courier-Journal, would follow the example of George Harvey and call at the white house to bring a final end to the incident which caused both men to withdraw their support of Mr. Wilson during the pre-nomination campaign in 1912. There has been a friendly exchange of letters between the president and Mr. Watterson, it was officially stated.

Secretary Bryan plans to leave tomorrow night to speak in the Ohio campaign at places to be determined by the democratic congressional campaign committee. On Friday and Saturday he will speak in Indiana. On Monday October 19, the secretary will start a campaign through western Missouri, Kansas, Colorado, Wyoming and South Dakota, and during the following week he will speak in North Dakota, Minnesota, Wisconsin and Iowa and Nebraska.

CAPTURE SUSPECTED ROBBERS

Oklahoma City, Okla., Oct. 6.—Two youths, said to be the robbers who today held up officials of the Farmers and Merchants National Bank at Tupelo, Okla., and escaped with \$2,437, were captured late tonight by a posse near Tupelo. They refused to give their names. It is stated that more than two thousand dollars was found hidden in their clothing.

MAYOR AND SHERIFF OF BUTTE ARE REMOVED FROM OFFICE

Are Found Guilty of Neglect of Their Duties in Connection with Recent Mobs' Riots.

Butte, Mont., Oct. 6.—Sheriff Timothy Driscoll and Mayor Lewis J. Duncan were found guilty today of neglect of their duties in connection with the recent miners' riots and removed from office by Judge Ayres of the district court, after a trial which lasted more than two weeks.

The court refused to grant a stay of execution of ten days, while an appeal to the supreme court was perfected. Both offices are vacated pending an appeal.

Mayor Duncan is removed from office because of his failure to provide the city with proper protection last June, when Miners Union Hall was dynamited by an opposing faction of miners. Other lawless acts virtually without interference by sheriff or police.

The charges against Sheriff Driscoll was similar to that against the mayor. Driscoll admitted, in testifying in his own behalf, that his deputies failed to make forcible resistance to the rioters.

The city council will elect a successor to Mayor Duncan who is a socialist. Until the new mayor is named, Clarence A. Smith, president of the council, will be acting mayor.

Clarence A. Smith, president of the city council was elected Mayor of the City of Butte tonight to succeed former Mayor Lewis J. Duncan who was ousted today by District Judge Ayres for nonfeasance in office during the labor disturbances of the past summer.

PHILADELPHIA SUFFRAGISTS SEND TRINKETS TO U. S. MINT

PHILADELPHIA, Oct. 6.—The gold and silver trinkets Philadelphia suffragists have been collecting for the "melting pot" to help their cause were taken to the United States mint here today for amalgamation. The metal weighed a fraction more than ninety-two ounces. The value will be announced later.

The collection included vanity boxes, bracelets, brooches, rings and pins; also, some nuggets sent to Dr. Anna H. Shaw, president of the National Woman's Suffrage Association, by a miner after he had heard her speak while she was on a western tour.

WILSON CONFERS WITH SILLIMAN

President and Bryan Talk for Two Hours With Consul at Saltillo, Mexico

REFUSE TO COMMENT

No Inkling of What is Discussed is Given Out at White House—Villa Agents Get Rifles

REPORTS SHORTAGE OF FOOD

WASHINGTON, Oct. 6.—President Wilson conferred for two hours tonight on the Mexican situation with Secretary Bryan and John R. Silliman, who made a special trip from Mexico at his own request to talk with the president. No inkling of what was discussed was given out at the White House after the conference. Secretary Bryan refused to make any comment.

Mr. Silliman, who is United States consul at Saltillo, Mexico, has been acting as President Wilson's personal representative in Mexico for some weeks. A few days ago he telegraphed the state department, asking permission to come to Washington for a conversation. He was told it was thought best he should return to Mexico City. Silliman was not satisfied, and, it is said, his visit was arranged directly with the president.

Enter Rifles Through El Paso.

El Paso, Tex., Oct. 6.—General Villa's agents in the United States today entered through this port 10,000 American made rifles, thus taking advantage of the recently raised embargo along the border on munitions of war.

The Carranza faction, also, has taken advantage of the unhindered entry of arms from the American side.

Constitutionalist agents here have been purchasing all available supplies, which are being rushed to the assistance of Gen. Hill, who is defending Naco, Sonora, against the attack of the Maytorena insurgent forces, supposedly partisans of Villa.

Populace Faces Starvation.

Washington, Oct. 6.—Rear Admiral Howard, commanding the American naval forces off the Pacific coast of Mexico, reported to the navy department that there was a shortage of food all along the west coast and that the populace of Acapulco faced starvation. Foodstuffs were not available at any price, he said. Transportation both by land and rail virtually is at a standstill along the Pacific coast, and inasmuch as the revolutionary activities of the past three years engaged the great masses of the people, only meager crops have been grown.

Admiral Howard says it is absolutely necessary that corn and rice be provided promptly for Acapulco.

Desultory firing about Acapulco is mentioned in the message, but this is not understood by officials here to involve the present issues under discussion between the envoys of Villa and Carranza. They say there is turmoil throughout the entire state of Guerrero, of which Acapulco is the principal port, indicating the urgent need of the early establishment of a strong central government in Mexico.

It is understood that negotiations for the transfer of authority at Vera Cruz are making little headway. As to Carranza's refusal to comply with the conditions laid down by the United States. The question of safe conduct out of the country for Mexican refugees, who feel that their lives will be jeopardized under the incoming regime, is one of the many problems with which the officials here are dealing. The next passenger steamer will leave Vera Cruz next Saturday, and assurances have been given that evacuation by the American forces will not take place before next Sunday. Beyond that no announcement has been made.

NEW HAVEN ROAD BRINGS SUIT FOR THE RECOVERY OF \$3,824,147

MERIDEN, Conn., Oct. 6.—The New York, New Haven and Hartford Railroad Co., and the New England Navigation Co. today brought suit in the New Haven county superior court against John L. Billard, of this city, and six other officers of the Billard company for the recovery of \$3,824,147, alleging fraudulent action in connection with the sale of the Boston and Maine Railroad. The complainant sets forth that Mr. Billard, as holder of the Boston and Maine stock owned by the New Haven road, previous to 1908, never paid nor accounted to the plaintiffs for \$3,824,147 in cash held by him in secret trust for the New Haven road for the purpose of concealing the actual ownership.

It is alleged further that Mr. Billard "falsely and fraudulently claims said sum was transferred to him by the New Haven road as his own property."

EXPECT STATEMENT OF JAPAN'S PURPOSE

BRYAN REFUSES TO COMMENT OF LANDING OF TROOPS

Awaits All the Facts Before Expressing an Opinion Whether Landing on the Island of Jaluit Is in Violation of Announcement.

Washington, Oct. 6.—Declining, in the absence of all the facts, to express any opinion as to whether the Japanese landing on the island of Jaluit, one of the Marshall group in the Pacific ocean, is in violation of the announcement by the Japanese at the beginning of the war that the Japanese activities would be confined to the far east, Secretary Bryan was plainly expecting the early arrival of some official statement of the ultimate purpose of this act.

Already the secretary has interested himself in Japan's military operations against the German concession in Shan-Tung, probably animated by the appeal from the Chinese government against violation of Chinese integrity. The landing on the Marshall Islands, however, has not been made the subject of representations to the state department, possibly for the reason that there is no one in a position corresponding to that of China. In Samoa, it is pointed out by officials, the United States has a very lively interest in any change in the sovereignty of the group, because of the proximity of the German owned islands to the American island of Tutuila.

Officials at the British embassy were positive today in their assurance that Japan's act would in no way develop into a violation of the memoranda limiting the scope of Japan's military activity. The pledge outlining the extent of Japanese aggression was reiterated and declared to be a proof that the seizing of Jaluit was merely a temporary act. Late today, after receiving an official cablegram from Tokio confirming the destruction of the German base at Jaluit, the Japanese embassy issued the following statement:

"In this connection it may be recalled that the German men-of-war have been making appearance in the Pacific and the South Seas and have been disturbing the shipping routes ever since the outbreak of the present war, and that the fact at last compelled the allied fleets of Japan and Great Britain to decide upon expeditionary measures to keep the routes clear, as was recently reported in the press. In the light of this fact, it may be safely concluded that the action taken by a portion of the Japanese squadron above referred to is nothing but a step for the fulfillment of the expeditionary mission."

ENGLAND DECLARES CHARGES OF GERMANS ARE ABSOLUTELY UNTRUE

LONDON, Oct. 6.—The official press bureau tonight issued a statement declaring "absolutely untrue" the allegations made by Professor Harnack and other prominent Germans that Great Britain had stored quantities of ammunition at the French fortress of Maubeuge before the outbreak of the war. The Germans claimed this was evidence England intended to violate the neutrality of Belgium. The statement adds: "No decision to send British forces abroad was taken till after Germany had violated Belgian neutrality and Belgium had appealed for assistance. No British ammunition or stores had been placed at Maubeuge before these events. Any British ammunition or stores found at Maubeuge were sent there after, and not before, the outbreak of the war, and the violation of Belgian territory by Germany."

BODY OF CAPTAIN ENGELBERT PILTZ IS TAKEN TO VIENNA

ROME, (via Paris) Oct. 6.—The body of Captain Engelbert Piltz has been brought to Vienna, according to a despatch from the Austrian capital. Captain Piltz, who was killed in an engagement against the Serbians, was the last appointed by Arch Duke Francis Ferdinand prior to his assassination at Sarajevo. He was in an automobile following the arch duke at the time of the tragedy. Baron Rumerskirch, a member of the arch duke's suite, gave to Captain Piltz a snuff box set with diamonds, saying that it was a gift which the arch duke had intended making him personally. The snuff box was found on the Austrian captain's body, stained with blood.

PROTEST THAT PROPOSED AUTO TAX WOULD BE DISCRIMINATING

INDIANAPOLIS, Oct. 6.—The Indiana Automobile Manufacturers Association, the Hoosier Motor club and affiliated clubs and workmen employed in the automobile factories of Indiana today protested against the proposed tax on automobiles and on the capital stock of automobile manufacturing companies. Representatives of thirty-two motor car makers sent a telegram to Lincoln Dixon, member of the ways and means committee, urging that he use his influence against such a tax. Owners of cars and workmen joined the manufacturers in sending telegrams of protest to President Wilson, the congress and members of the Indiana delegation in congress. The messages state that practically the motor cars built in the United States are manufactured in Indiana, Michigan and Ohio and that the tax would be discriminating for this reason.

CAUCUS FAILS TO COMPLETE LABORS

Decision Is Reached to Impose Bulk of Tax on Beer and Whiskey

WILL MEET AGAIN TODAY

Eliminate Proposed Tax on Gasoline and Automobile Sales—Cut Bank Capital Tax

HOUSE DEBATES JONES BILL

TUESDAY IN CONGRESS.

Senate.
Not in session.
Democrats caucused to consider war tax bill as completed by finance committee.
House.
Met at noon.
Resumed debate on Philippine bill.
Agreed to consider conference report on Clayton anti-trust bill tomorrow and vote before night.
Conference report on Alaska coal land leasing bill postponed.
Adjourned at 5:15 p. m. until 11 a. m. Wednesday.

WASHINGTON, Oct. 6.—The caucus of senate democrats on the war revenue bill failed to complete its labors tonight and recessed just before midnight to meet again tomorrow morning. Decisions had been reached, however, that impose the bulk of the \$100,000,000 emergency measure upon beer and whiskey, which will yield \$50,000,000 annually under increased taxation.

The caucus also eliminated proposed taxes on gasoline and automobile sales and cut in two the proposed \$2 per thousand tax on bank capital surplus. Consideration of various proposed stamp taxes and emergency levies on perfumery, cosmetics and patent medicines, was not reached tonight.

First action of the caucus was to vote increase in the proposed tax on beer from 50 cents to 75 cents a barrel, to make the total tax \$1.75 a barrel, with a drawback of five percent for purchase of stamps in advance. The amendment urged by Senator Williams, of Mississippi, was carried by a large majority after Senator Stone had made a vigorous speech against it. A special revenue tax on rectifiers of distilled spirits of five cents a gallon also was adopted.

After a two hour discussion the caucus tonight voted 20 to 17 to strike from the bill the proposed tax on gasoline. The committee had reduced the house tax from two cents to one cent a gallon.

Charges Slavery in Philippines.

Charges that slavery now is practice in the Philippine archipelago despite legislation by the Philippine assembly to check it, were made in the house today during debate on the Jones Philippine bill, which occupied representatives virtually the entire day. An amendment by Representative Cooper finally was adopted declaring that "slavery shall not exist in the Philippine Islands nor shall involuntary servitude exist therein except as served for a crime."

WILL SAIL TODAY FOR NAPLES.

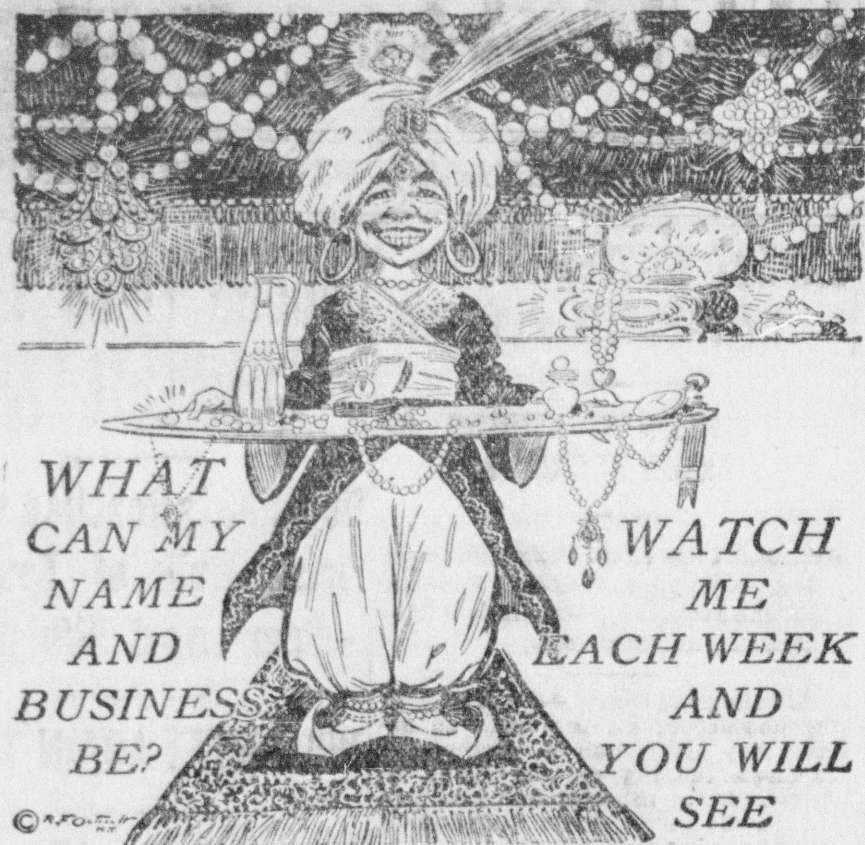

New York, Oct. 6.—A. Rustem Bey, Turkish ambassador to the United States, who departed recently for his country because of the objections raised by the administration at Washington to certain of his public utterances, has engaged passage aboard the steamer Stampalia, sailing tomorrow for Naples.

CAPTURE GERMAN BARK.

Brest, France, Oct. 6.—Via London.—The German bark Martha Hockhahn, of 635 tons, from Punta Arena, Costa Rica, and the Norwegian ship Bennevet of 1,600 tons, bound from New Caledonia for Hamburg, have been captured by French warships and brought to this port. The Bennevet has a cargo of nickel.

When Hart A. Withee was superintendent of the Morgan County schools some years ago he won the reputation of being one of the hardest working superintendents the county ever had. Efficiency marked his administration also and every teacher and every scholar in the schools of Morgan county knew that he was personally interested in them. Mr. Withee has kept constantly abreast of educational advances and changes and especially well fitted to again fill the office of school superintendent.

The Illinois Supreme Court Tuesday gave an opinion declaring the law constitutional which fixes the compensation for prosecuting attorneys regardless of fees. While the law makes the salary for the states attorneys in some counties seemingly large, the general effect of the law will be good. In some of the counties under the old fee system the attorney if he was not of very strong character found himself yielding to the temptation to act along the lines which would be most productive of fees. Making the states attorney a salaried officer gives an independence which would not otherwise be true and should have the effect in the average county of making him a more fearless and unbiased prosecutor.

Grant Graff, who was nominated for the office of sheriff by the Republican party, is a Morgan county product. He spent his boyhood days on the Graff farm in the Prentice neighborhood and the greater part of his life has been devoted to farm interests. He has made a success on the farm and in various business transactions related to farming. For several years he served as a deputy sheriff, discharging the duties faithfully but has never held an elective office. Mr. Graff is a man of clean character, of high standing and his whole record is such as to entitle him to support at the polls in November.

FOR THE RED CROSS.

The American Red Cross society has issued from their headquarters office in Washington, D. C. an appeal in the name of humanity for contributions to carry on the work of mitigating the suffering of the sick and wounded in the war zone in the countries of the east. Contributors of two dollars or more to the war relief fund will be enrolled as members of the American Red Cross for the remainder of the year 1914 and will receive the magazine published by the society.

Thousands of dollars were sent by the European Red Cross societies to the American Red Cross to help care for sick and wounded soldiers during the war with Spain, and now is an excellent opportunity for Americans to show their gratitude for that generous aid in the time of our trouble.

The National-American Express Co. will issue free of charge at their office in Jacksonville, money orders payable to the Treasurer of the Red Cross in Washington, D. C.

SEEK AID FOR BELGIANS.

A committee of well known Americans acting with the Belgian consul general in New York City have sent out an appeal to Americans for aid for non-combatants in Belgium, many of whom are in an appalling condition of misery and destitution. The printed appeal has in the beginning the quotation, "He gives twice who gives quickly" and then goes on to say:

"Prosperous Belgian cities have been practically destroyed, Belgian industries have been paralyzed, hundreds if not thousands of her wage earners have been killed, many thousand homes have been obliterated, and unnumbered wives and children have been made utterly destitute.

"We cannot better indicate the situation than to quote the words of an eye witness, the wife of the present Minister of State of Belgium, who in a recent address to the women of America, said: Seven out of the nine provinces that go to make the Kingdom of Belgium have been devastated by the most dreadful war known to history. The peaceful countryside is strewn with the dead and dying. Thousands and thousands of people have nothing in the world left, not a roof over their heads, no money, no clothes, and no chance of earning a living of any sort.

"The sight of the poor refugees streaming into Antwerp from Louvain and Malines, women with babies in their arms, their older children clinging to their skirts, men wheeling their decrepit fathers in wheelbarrows or helping along a crippled brother or son, is more pitiable than any words can express." Subscriptions are to be sent to J. P. Morgan & Co., 23 Wall street, New York, and marked for the Belgian relief fund.

WORLD'S CHAMPIONSHIP BALL GAMES NEAR AT HAND

First Game Will Be Played Friday—War Interest Will Be Secondary to That in World of Sport.

Boston, Mass., Oct. 6.—The crowning event of the professional baseball season is near at hand. The series for the world's championship between the Philadelphia team, the four-time champions of the American league, and the Boston Braves, winners of this year's pennant in the National League, will begin on Friday of this week.

It is scarcely an exaggeration to say that, with a large proportion of the American public at least, the war now on in Europe will drop into second place in interest while the world's series is being fought out. From the hour that the umpire cries "Play ball" at the initial contest until the championship flag is clinched by one or the other of the contesting teams the tens of thousands of baseball fans, from Hudson Bay to the City of Mexico, from Coney Island to Manila, will crowd around the tickers, scan the bulletin boards and buy the newspaper extras.

Probably no series that has ever been played in baseball will attract the attention this one will, and probably no series, the weather being suitable, will equal it in attendance. And what a time those eligible Athletics and Braves will have when the financial melon is sliced after the series is completed. Fenway Park, where the Boston games will be played, has been put in shape to accommodate 50,000 or more spectators, while the park in Philadelphia will take care of about the same number. The winning players are pretty sure of making a rake-off of from \$2,500 to \$3,500 each. If the series should go to the limit the profits of the club owners would be enormous.

As to what the series will bring forth the partisan fans have been keyed up to a high pitch trying to convince themselves and others why their favorite team cannot lose. In view of the fact that the Philadelphia team is made up of veterans, even when it comes to contesting for the world's flag, while the Boston Braves might almost be termed novices in comparison, it is somewhat surprising that so many newspaper critics and others should pick the Hub players to win. The average Philadelphian, of course, can see nothing to it but Connie Mack's team, but it is a noticeable and significant fact that around the hotels and other places where sporting men congregate there appears to be a ready taker for every bet offered on Philadelphia. Whichever way the series goes, there is already one thing that seems certain, and that is that a larger amount of money will change hands on the result than has ever been the case before.

MEETING OF INDIAN RIGHTS MEN.

Madison, Wis., Oct. 6.—The annual conference of the Society of American Indians, which met here today for a five days' session, has brought together about one hundred prominent champions of Indian rights and education, representing numerous tribes. The programme, provided for addresses by Gabe E. Parker, register of the United States treasury; Choctaw, Dr. Carlos Montezuma; Apache, Rev. Henry Roe Cloud; Winnebago, Gen. R. H. Pratt, founder of the Indian school system; Rev. Philip Gordon, Chipewia; Denison Wheelock; Oneida; Stephen Jones, Indian Y. M. C. A. secretary, and Matthew K. Sniffen, an officer of the Indian Rights Association.

MINNESOTA CLUB WOMEN.

Rochester, Minn., Oct. 6.—A large and enthusiastic attendance marked the opening here today of the twentieth annual gathering of the Minnesota Federation of Woman's Clubs. All sections of the state were represented among the delegates. Following meetings of the council and executive board this morning the first of the general sessions of the convention was called to order this afternoon by the president, Mrs. Clarence L. Atwood. Following the exchange of greetings the convention listened to the annual reports presented by the several officers and standing committees of the federation. The convention will continue until Friday morning.

Mrs. W. G. Russel and daughter Susan of Woodson were visitors in Jacksonville yesterday.

Mrs. William Cornett and daughter, Mrs. George C. Peck, left Tuesday evening for California. They expect to be absent from the city two months or more.

NEW FOOT BALL MEN ARRIVE AT I. C.

COME FROM NORTHWESTERN AND LAKE FOREST.

Will Probably Register at Institution Today and Be Great Impetus to Popular Game—Athletes Getting Ready to Meet Lincoln College Friday.

Football prospects for Illinois college brightened up not a little Tuesday when two new football players appeared on the campus. They were Russell Rendleman from Lake Forest university and J. Delbert Hodges from Northwestern university. Both men had matriculated, but later on decided to come down to Jacksonville and inspect the college here, the school have been strongly recommended to them as one known throughout the state along the line of athletics, as well as in scholastic attainments.

Rendleman graduated from Union academy at Anna, Ill., in 1913, and has been teaching since then. He plays the position of full-back and was a member of the Freshman team of Northwestern. Hodges studied for three years at Union academy and graduated last year from Anna High school. He plays the position of tackle and half-back. Hodges donned a blue and white athletic suit yesterday and practiced football in true style, and gave a good account of himself. Rendleman watched the game from the side lines, and if he registers today, will have on a uniform this evening. Both men look

their part and give earmarks of knowing what real football is. If they decide to stay, Illinois college prospects for a championship team look good.

Coach Harmon had his men in hard practice yesterday in anticipation of the game Friday afternoon against Lincoln college, the game to be called promptly at 3:30 o'clock. Both the first and second team men got into the scrimmage with the high school and the new players which are being taught the men were gone through with in first-class shape. The college eleven is growing in favor in the city and it is expected that a big crowd of enthusiasts will be on the field to witness the opening game of the 'varsity squad.

The officials for Friday's game are Lucas (Wesleyan) of Chandler'sville, referee; Morris (Ames) of Carrollton, umpire; Larson, head linesman.

CANAL ZONE SANITATION.

Washington, D. C., Oct. 6.—Draught means are being employed to enforce proper sanitation in the Panama Canal Zone. Gov. Goethals recently dismissed five employees for failure to comply with the sanitary regulations. The specific cause of their discharge was their failure to report to the district physician after being treated in the hospital, for malaria, according to notices posted over Panama Canal Zone and verbal instructions given them at the time of their discharge from the hospital. The health department points out that its efforts to free the isthmus from malaria are offset greatly by such neglect as these employees were guilty of, and that as a matter of fact and record the menace to life and health of residents of the isthmus is greater from malaria than from the more generally dreaded diseases, such as typhus and yellow fever and plague.

It is only by prolonged treatment that malaria can be cured, it is declared, and persons often retain the germ of the disease in their blood after all the symptoms have disappeared, so that they are apparently well. While numerous uncurd cases are at large to infect mosquitoes it will be impossible, say the canal officials, to bring the rate of infection from malaria much below its present level.

MEETING OF BARBERS.

Indianapolis, Ind., Oct. 6.—Indianapolis is entertaining this week the annual convention of the International Union of Journeymen Barbers. Delegates are here from locals in many of the principal cities of the United States and Canada. Many questions of importance to the craft are slated for discussion.

DRINK MORE WATER

F KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—adv.

Carrying Out the Provisions of Your Will

After a man is gone, his influence lessens. He is not here to assert himself, not even to protest.

The insistence of heirs is often very potent and sometimes contrary to the will's implicit directions.

Then it is that the carrying out of a testator's wishes depends upon the executor.

Upon a responsible trust company no pressure is availing.

It is impartial, unaffected by any other considerations than an exact execution of the will.

This is one of the many reasons why a trust company should be named your executor.

The facilities of this company for such service are unsurpassed.

RED MEN HAD CEREMONIAL SESSION TUESDAY NIGHT

Street Parade Followed by Exemption of the Work in Lodge Rooms.

The Red Men's ceremonial session Tuesday night proved a very successful event. The parade which moved promptly at seven o'clock was one of the best the Red Men have given although it was not as long as some in times past. Two bands furnished excellent music and there were delegations from Bluffs, Winchester, Manchester, Pearl and a number of other towns. There were a number of comedy features in the parade and two floats, one of them representing the Chamber of Commerce as laid at rest in a coffin and the other indicating that egress from the county jail is easy attracted some attention. Charles McIlhatton was the chairman of the parade committee. After the parade the three degrees of work were exemplified in a splendid manner, a large class being initiated. A lunch and smoker followed and the event was very pleasant and successful. G. L. Whitmer of Springfield, grand keeper of records was among the visitors.

RETURN FROM TRIP THROUGH IOWA TOWNS.

In company with Mr. and Mrs. Matthew Campbell of Williams, Ia., James Kenney went to Macomb, Keokuk, Des Moines and Williams. They left Thursday in Mr. Campbell's Ford automobile and arrived Sunday afternoon at their destination, visiting many counties of Iowa. Mr. Kenney returned Monday night with Mr. and Mrs. T. W. Nunemaker of Williams, Ia., who conduct a cafe at that place. They are on their way to St. Louis to visit with her relatives. The party left Williams at 1 o'clock Sunday afternoon and reached here Monday night at 8 o'clock, coming via Cedar Rapids, Iowa City, Des Moines and Fort Madison. Mr. Kenney was much impressed with the farms of Iowa and the people's progressiveness in guiding motorists through their country. Through an injury while working on the McKinley bridge at St. Louis, Mr. Nunemaker lost the use of one arm, but nevertheless he can run a machine with great precision.

FUNERAL NOTICE.

Funeral services for Mrs. Frank Rabb will be held this afternoon at 2 o'clock at Centenary church in charge of Rev. G. W. Flagg and interment will be made in Diamond Grove cemetery. Friends wishing to view the remains may do so by calling at the residence, as the casket will not be opened at the church.

QUEER FIRE FIGHTING.

While in Leroy, Ill. a few days ago John and George Wolke were present at a fire at which the fighting tactics were somewhat out of the ordinary. The fireman traveled to the scene in an auto, behind which was an old style hose cart, drawn by horses. Hydrant pressure only was used in fighting the fire, the supply being furnished by a large standpipe. There is a hook and ladder outfit but as the town has no horses, the first team which applies is given the job of going to the fire and earning the stipulated fee of three dollars.

The Messrs. Wolke were on their return from a northern trip including stops at Chicago and Racine, Wis., where they visited the plant of the Lewis automobile company.

DEMOCRATS ELECT OSBORN.

Albany, N. Y., Oct. 6.—The first meeting of the new Democratic state committee, held here today, was entirely harmonious. All of the officers, including Chairman William Church Osborn, were elected unanimously. The announcement of Governor Glynn that he would assume the state leadership and declarations that the national administration was behind the ticket, were greeted enthusiastically.

FRENCH LAY MINES IN ADRIATIC SEA; WARN NEUTRAL SHIPPING

BORDEAUX, Oct. 6.—The ministry of marine issued the following notice today:

"The Austrian navy, having laid mines in the Adriatic, the French fleet has been obliged to do likewise, but in order to avoid damaging neutral shipping as the Austrians have done, the French have laid their mines according to the rules of Chapter VIII of The Hague convention of 1907. The danger zone comprises all Austrian water and channels between the islands and the coasts of Dalmatia."

CANADA TO RAISE A SECOND EXPEDITIONARY FORCE

Ottawa, Ont., Oct. 6.—Canada will raise immediately and send to the front a second expeditionary force of 20,000 men, with a first reinforcement of 10 per cent, making 22,000 in all. This decision was reached at today's cabinet council. The second contingent will bring the total of Canada's force at the front up to more than 50,000 men.

WANTED—A cook, 1152 West College avenue. 10-7-21

SOCIAL EVENTS.

Mr. and Mrs. Joseph V. Breckon and daughter, Miss Bess Breckon, and Misses Lena and Charibel Hopper have issued invitations to an "At Home," to be given at the Breckon home, 805 West North street, Oct. 14, to meet Mrs. Laura Jane Young of Springfield and Mrs. Fred Hopper of this city.

Mrs. Lucy D. Kolp, entertained at her home, 831 West College avenue, Tuesday evening, the choir of the First Baptist church, consisting of twenty four members, of which she is director. The hours were spent in playing various games, together with vocal and instrumental music. Prizes were won by Miss Irene Sandberg and Eugene Keefe. At an appropriate hour refreshments were served.

The East Side Tuesday club met yesterday with Mrs. Clyde Singley on East State street. There was a large attendance and a very profitable time was spent. Mrs. Singley gave a demonstration of baking angel food cake and while the cake was baking, Mrs. A. B. Williamson gave a review of the book "Home Efficiency" by Mrs. Martha Bensley Bruere and Robert Bruere. The book is an excellent one, showing how to live in a practical way on a budget. Mrs. Williamson is always at her best when making a book review and the members were eager to hear her yesterday.

Plans for a club room on the first floor of the church were made Tuesday evening at a meeting of the Centenary's Young Men's club in the church parlors. Preparations are already under way, and the room when fitted up will be a cozy resort for the members of the club, an organization including the Sunday school pupils of Miss Myrtle Sheppard, who since March of the present year have been an organized body.

On meeting Tuesday evening the young men gave attention to a most excellent supper, prepared and served by young ladies of the Sunday school. A. C. Metcalf, the superintendent, was then introduced and announced the following toasts:

"The Aims of the Class"—Rev. G. W. Flagg.
"Our Ideals"—Harry Barnes, the class president.

"Delivering the Goods"—Fred E. Darr.

"Home Again"—John Bishop.
At the conclusion of the banquet and toasts, Rev. Mr. Flagg lead a brief devotional service after which the young men proceeded with the business meeting.

A cafeteria lunch was given Tuesday evening at the First Baptist church, which was largely attended. A splendid menu was served and the committee in charge consisted of Mrs. Jerry Cox, chairman; Mrs. George Stoldt, Miss Elizabeth Laurie, Mrs. Joseph Smith, Mrs. Nettie Hayden, Mrs. Joseph Jackson, Mrs. F. M. Coard and Mrs. Alex. Rabjohns.

THE ST. LOUIS MARKET.

Blakely-Sanders-Mann, Co., National Stock Yards, Ill., report the Monday market as follows:

With a run of 9,000 hogs the market was fairly active and 5c higher on the best hogs, other kinds were steady. The pig market was also good and some higher than the close of last week; top was \$8.75. Most of the good sorted hogs sold at \$8.60 to \$8.75; lights, 130 to 160 pounds, \$8.40 to \$8.60; pigs sold mostly 8c to 8.40; rough packers 7.50 to 7.65; some few mixed hogs 8c to 8.25. Look for a fair run of hogs and cannot see anything to indicate higher prices.

Cattle receipts today 9,000, about two thirds of them natives, bulk of the beef steers in the native division were medium to pretty good fleshed cattle. Although there was a three car shipment of good weighty steers today that sold at an average price of about \$10.75, one car brought \$10.85; one \$10.65 and one \$10.75, it was practically a \$10.75 sale as all three cars were out of the same feeding. The market was generally a steady affair on the good cattle, while the medium to pretty fair kinds were barely steady and rather a slow trade. The gold light weight butcher heifers and yearling steers sold 10 to 15c lower than the close of last week, while the medium kind of which we had the most were very hard to sell and steady to 15c lower. The cow receipts were not quite so heavy as last Monday and the trade was steady throughout. Stocker and feeder receipts moderate, running mostly from common to pretty fair kind, market generally about steady with the close of last week.

Chicago, Monday Oct. 5.—Clay, Robinson & Co., report that following the break in the fair to medium grades of cattle last week, a light run developed today, total receipts being only 18,000 of which 4,000 were westerns and the market was active from the start. Choice kinds were not notably changed but this kind did not suffer in last week's break. The 9 to 10c grades were strong to a little higher today while those that sell between 8 to 9c a pound were 15c higher. There was a scarcity of good yearlings and these were in particularly strong request. The light run was absorbed

Young folks like to dance; and they like to look well while they're doing it. Nowadays dancing is so informal—just happens anytime, anywhere, when music and young people get together, that the clothes for it are sort of informal also.

in very good season and the market finished strong.

Among our sales were two loads of plain, fat native Iowa steers averaging 1,325 lbs., at \$10.55; four loads of branded steers and heifers, mostly Herefords, for Cochran & Peterson of Earlham, Ia., averaging 994 lbs., at \$10.40; three loads of yearling Angus heifers averaging 799 lbs., at \$10.30 for C. R. Cockerill of Jefferson, Ia.; two loads of branded Herefords at 10c a pound and Short-horns averaging 1306 lbs. for C. R. Hunt of Atlantic, Ia.; for a load of native Angus and Short horns averaging 1,330 lbs., at \$10.00 for J. Williams of King City, Mo., and a load of fair-fleshed yearling steers and heifers averaging 1,009 lbs., at \$9.95 for an Iowa feeder.

Receipts of hogs today were 25,000. The market ruled 10 to 15c lower. Extreme top was \$8.90 which we secured for a load of 242-lb. hogs for Charles B. Soutter of Cedar Rapids, Ia.

The Nine Dollar Hog Has Disappeared Again.
Receipts of hogs 25,000, 2,800 over from Saturday. 10 to 15c lower. Top, \$8.90, secured by us. Shipped by Charles B. Soutter of Cedar Rapids, Iowa. 70 head, average, 242 pounds.

Receipts of hogs today were about 25,000 and the market ruled 10 to 20c lower in some cases. Top was \$8.90 and the bulk of the light weight shipping sold from \$8.60 to \$8.80 and the medium and heavy shipping from \$8.30 to \$8.60. Good mixed packing from \$8.00 to \$8.40; heavy packing from \$7.60 to \$7.90; rough and throwout packers from \$7.00 to \$7.50. Pigs from \$7.50 to \$8.40.

Receipts of cattle were about 18,000 and there was a good healthy trade at strong prices.

WORLD'S MARKET NEWS

WHEAT TAKES A DOWNWARD SLANT

Domestic and Canadian Stocks
Are Figured 7,000,000 Bushels
More Than Year Ago

OTHER LEADING STAPLES DROP

Chicago, Oct. 6.—Notwithstanding
that wheat at one time today showed
a substantial upturn, the bears had
the advantage during most of the
session. A heavy total for the
stocks on hand in the United States
and Canada was made much of
against the bulls. Other leading sta-
ples, too, suffered a net decline—
corn 1/4 to 1/2c; oats, 1/2c to 3/4c,
and provisions 5c to 5 1/2c.

Domestic and Canadian stocks of
wheat were figured as amounting to
nearly a full 7,000,000 bushels,
an aggregate of more than 7,000,000
bushels in excess of the sum at the
corresponding time a year ago. It
was after the announcement of this
fact that the market took a decided
downward slant, from which there
was no important reaction. Disap-
pointment in regard to fresh export
business counted also against the
bulls. It was asserted that the de-
mand from Great Britain and France
had been well satisfied for the time
being, and that only Italy and Hol-
land were at present active as trans-
Atlantic buyers.

Corn gave way under predictions
that the government report tomorrow
would assure an increase of 50,000-
000 bushels in the probable yield
this season. Failure of expected rains
tended also to weaken the market. In
oats, as in other grain, sentiment was
chiefly adverse to the bulls. Export
trade was declared to have been lighter
than for several days.

DR. E. O. GABLE IS HAVING GREAT SUCCESS IN JACKSONVILLE

He Will Be at the Dunlap Hotel from 9 A. M. Monday, October 12, Until 3 P. M. Wednesday, October 14

He Offers Consultation FREE to All Sufferers

DR. EDWIN O. GABLE

Neuropathic Specialist

There are hundreds of people who are suffering with either acute or chronic rheumatism in some form, neuralgia, sick headache, uric acid troubles. There are hundreds of people suffering with weakness of the heart. Ninety per cent of these people have had no organic disease, but just a functional trouble; yet if it is left alone it may produce organic disease and early death. Palpitation, shortness of breath, irritated heart action, dizzy spells, pain around the heart, fainting spells, bad circulation, cold hands and feet—all these symptoms indicate a weak heart and weak circulation through it. There are thousands of people suffering with weakness of the kidneys. They go on allowing it to gradually grow worse, allowing it to become congested and are destroyed completely, producing the poison and waste matter that sh through the kidneys is absorbed back into the blood, producing a slow stages of kidney troubles, it may on burning or backache, or simply weak not acting normally, you should because it may be very serious if you these symptoms and must be kept these symptoms for the reason that has a quicker effect on such conditions. It acts directly on the nervous system, circulation of blood, kidneys, bowels, liver and skin. I can give almost immediate relief to most cases of this kind if the patient will follow my advice and my treatment a reasonable time. My Neuropathic system cleanses and purifies the blood, it relieves the weakness and congestion about the heart, relieves the pressure in the small capillary blood vessels so that the blood, when it leaves the heart, can go out naturally into the muscles nerves and extremities; and when that commences, the disease deposit rapidly absorbs and disappears. I want every one suffering with these troubles to call on me this trip. I will make a complete examination and tell you exactly the condition not gone too far I will give you almost immediate relief. To prove this I will give consultation and examination free to every person who calls on this trip. I want to give you no excuse to go ahead and suffer with these troubles. There is no reason why you should suffer day in and day out with every change of weather with rheumatism. There is no excuse for you to quietly sit down and allow your weakness of the heart and the kidneys to gradually grow worse and become an organic disease when you know if you wait too long until the internal tissue of the organ is destroyed, then nothing can be done. My Neuropathic system of treatment has the most immediate effect on these cases. I want to prove it to you. All I ask of you is to come and see me. You can not refuse this offer. Be sure to call on me and let me examine you and explain all these things. Remember I treat all curable chronic weakness and disease, no matter of what cases when all others failed. I use no strong, poisonous medicines. This internal and local. You have never explain this to every man, woman or weakness on this trip. Remember, I accept no case by mail. I must make a complete examination of the case first. I do this for you free of charge on this trip. I will be at the Dunlap hotel from 9 a. m. Monday, October 12, until 2 p. m., Wednesday, October 14.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges.—Dull Headache Goes.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear—adv.

MARKET LETTERS.

CHICAGO—LIVESTOCK MARKET. Chicago, Oct. 5, 1914.—Oliver S. Green with Walter Bros., U. S. Yards, Chicago, Ill., reported the estimated receipts for Monday, Oct. 5th, 1914.

18000 cattle.
26000 hogs.
53000 sheep.

The run of cattle contained about 5000 western rangers. While the general market opened late and slow, prices finally were strong to 10 higher. However it should not be forgotten that the market at the close of last week was in a semi-demoralized condition and from 15 to 50c off price one week ago today.

The run was 2000 to 3000 below popular estimates. At the six leading markets there were 77,500 cattle against 84,900 one week ago and 72,600 one year ago. Kansas City reported 31,000 today but a big quota was classed as feeders. Again it was a small showing at \$10.50 and above. 41 prime 1680 lb. average reached 11c with 42 1503 lb. average 1090. About 15 car loads handy to good weights, 10,50 to 10,85.

Angus yearlings average 97c at 10,80. The same feeding and bred the same as the top steers in Dec. 1912 @ 11.25.

The bulk of the right choice steers sold at 10 to 10.60 and the big ones of the good handy and strong weights, 9.25 to 9.85, and a lot of medium to good yearlings at the same range. Light grades of short corn fed 8.25 to 8.75. A very irregular trade on last class for they had range competition and that held prices down. A large number of grassers 7.40 to 7.85 with plain and crooked ones 7.00 to 7.25 with tallings on a steadily down-going market.

There was a small showing of heavy fat range steers, bulk 11.25 to 12.00 lb. kind and on the plain order, mainly selling 7.25 to 7.65. The Geo. Harkins steers, 8.10. The American Live Stock Co. steers, 7.25 to 7.65. The Merrimac cattle Co. 7.15 to 7.80. Light Texans below 7c.

Range she stock on the plain order but prices firm.

The good kinds of she stock goes a little higher. Common grassers and canners and cutters still dull. Heavy Bologna and Butchers bulks strong to higher. Calves 25 to 50c lower. Stockers and feeders steady to 10c higher with the good to choice kinds scoring the advance.

NATIVE BEEF CATTLE.
Good to prime heavy heaves, 10.00 to 11.05; Good to prime yearlings, 9.50 to 11.00; fair to medium, 8.75 to 9.25; plain to medium, 8.00 to 8.65; good to choice corn fed steers, 9.40 to 10.00; medium good steers, 8.65 to 9.40; common to plain steers, 8.15 to 8.60; plain to medium warmed-ups, 7.65 to 8.15; inferior to rough steers, 6.50 to 7.50; fat cows, 5.00 to 8.00; heifers, 5.00 to 9.25; bulks 4.50 to 7.65; canners and cutters, 3.50 to 4.90; common heavy calves to good weaners, 5.00 to 10.50; to good, prime weaners, 10.75 to 11.00; inferior stockers to good feeders, 5.25 to 7.50; good to choice light to good weights, 7.65 to 7.85; selected feeders, 7.75 to 12.00 lbs., 7.90 to 8.25.

But the high priced ones carry good beef flesh and are bought for a 50 to 90 days corn feed. The hog market was another mystery and early prices looked to be nearly steady but when buyers got busy prices eased off 10 to 15c. Pig prices but still different.

Mixed packing, 7.85 to 8.10; medium and butchers, 8.15 to 8.40; poor to good heavy packing, 7.50 to 7.80; rough heavy packing, 7.20 to 7.45; select packing and shipping, 7.85 to 8.90; light weights, 8.50 to 8.65; pigs and throw cuts, 3.00 to 8.60.

Sheep and yearlings steady to strong. Good fat lambs steady others 10 to 15c lower. Feeding sheep steady. Feeding lambs weak to lower.

Western weathers top, 5.75; native ewes, 3.50 to 5.00; native breedings ewes, 5.00 to 6.00; native wethers, 5.50 to 6.00; Montana ewes, 3.00 to 5.00; Montana feeding yearlings, 6.10; Bucks, 3.75 to 4.50; native lambs, 6.00 to 7.60; Idaho lambs, 7.00 to 7.75.

The New Typewriter ...OLIVER No. 7

WE ANNOUNCE AN AMAZING MODEL—THE OLIVER No. 7—a typewriter of superexcellence, with automatic devices and refinements that mark the zenith of typewriter progress. A marvel of beauty, speed and easy action. Typewriting efficiency raised to the nth power.

The OLIVER No. 7 embodies all previous Oliver innovations and new self-acting devices never before seen on any typewriter. A leap in advance which places The Oliver ten years ahead of its time. So smooth in action, so light to the touch, so easy to run, that experts are amazed. A model that means to the typist delightful ease of operation.

A model that means a higher standard of typewriting, longer and better service.

The No. 7 is now on exhibit and sale at all Oliver Branches and Agencies throughout the United States.

The new model has more improvements, refinements and new uses than we can even enumerate here.

The "Cushioned keyboard" with "anchor keys" and the new automatic features mean less work for the hands, less strain on the eyes, less manual and mental effort.

With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint The OLIVER No. 7 attains superlative excellence.

Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increase its value—the price has not been advanced one penny. We shall

even continue in force our popular 17-Cents-a-day purchase plan, the same as our previous Oliver models.

The OLIVER No. 7 is equipped with famous Printype, if 3-sheet, without extra charge.

You owe it to yourself to see the new machine before you buy any typewriter at any price. Note its beauty, speed and easy action, its wonderful automatic devices. Try it on any work that is ever done on typewriters. Try it on many kinds of work that no other typewriter will do.

I is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, visible reading, Printype, etc., should be the first to introduce automatic methods of operation.

Mr. Wall Mason and son Everett of Mapleview, Grace Chapel, were in our town Saturday.

A series of meetings will begin at the Christian church next Tuesday night.

Sunday, after Sunday school, we drove the Mitchell car over to Ferndale stock farm, taking Mr. and Mrs. John Daniels and son Harold Lee with us, for company.

Mrs. Mc called us down several times for fast driving but when we thought of the big dinner we were going to help eat, we just couldn't help finger the throttle. We were not disappointed for there are no better cooks in the county than Mrs. Patterson and her sister, Miss Nannie, and no better providers than Austin Patterson and Uncle Warren Daniels.

We did not go just for the big dinner, although that was a drawing card, but we wanted to see Clyde Alvah, the little son of the Pattersons, and we always enjoy our visits to Ferndale because they all are so hospitable.

The ladies are good company and the men are noted for their glib talking and their ability to say something when they talk.

After dinner we were shown some specimens of pure blood Poland China hogs. We were hurried home by some dark clouds in the southwest, arriving at Literberry without any mishaps, well pleased with our visit.

Last week was pickle week in our town. The whole village was pervaded by the most lovely aroma of all the spices known to the cuisine department. Some made green pickles, some red, some made chili-sauce, some chowchow, and some picillilli, and all other kind of pickles and peppers and cloves and mustard and sugar and vinegar and everything else that is pleasant to the taste. One family made a jar of sauerkraut, but it doesn't smell as good as the pickles.

Adele Blood is to appear in a play called "My Lady's Boudoir."

BROOKLYN ENDS SEASON IN FIFTH POSITION

SPLITS DOUBLE HEADER WITH NEW CHAMPIONS.

Boston's Third Baseman Breaks a Leg and Will Be Out of Series—Giants and Phillies Divide Two Games.

Brooklyn, Oct. 6.—By defeating Boston 3 to 2 in the opening game of the double header which closed the National League season here today, Brooklyn finished in fifth place, one full game ahead of Philadelphia. This is the best showing a Brooklyn team has made since 1907 when the Superbas ended the season in fifth place. "Red" Smith, the Boston third baseman, broke a leg in the first game today and will not be able to play in the world series against the Philadelphia Athletics.

Boston took the second game 7 to 3 in seven innings. The new champions put a makeshift team into the field and its heavy hitting of Rucker's offering resulted in an early lead which Brooklyn could not overcome.

THREE EYE OWNERS PASS CHIEF PROBLEMS TO A LATER MEETING

CHICAGO, Oct. 6.—Club owners of the Three-Eye league, in annual session here today, passed their chief problems to a later meeting, deferring the election of a president to succeed Al. Teaney until the mid-winter meeting and leaving also until a future date the question of the circuit's make-up next year. The meeting adjourned late this afternoon until tomorrow, and then, it was said, the proposal to take in Rock Island might be considered. Reports indicated that the league had a fair year, but the league treasury showed a balance of only \$175, while there was found due the president on salary \$2,500. This deficit the magnates proposed to wipe out by subscription.

TWO TROTTERS SMASH FOUR WORLD RECORDS

PETER VOLO WINS \$14,000 KENTUCKY FUTURITY.

Breaks Three Marks in Taking Event—Tommy Horn Tots Fastest Heat on Record—Joan Equals Her Mark of 2:04 1/2.

Lexington, Ky., Oct. 6.—A large crowd saw four world records smashed today, the second day of the Grand Circuit meeting. Peter Volo, in winning the \$14,000 Kentucky futurity for three-year-old trotters, set three new marks when he lowered the world's record for 3-year-old trotters to 2:03 1/2, at the same time setting a new mark for the fastest third heat for a 3-year-old trotter and the fastest three heat race for a trotter of any sex of that age.

Tommy Horn, in winning the 2:09 trot, postponed from yesterday, trotted the fastest heat on record, when he trotted the mile in 2:08 1/2. Joan equalled her own record of 2:04 1/2 in winning the October prize in straight heats from Ross B., the only other starter, her time being the same in both heats.

Peter Volo was pushed in the first two heats by Lee Axworthy and in the third by Lady Wanetka, but led all the way in each. His fractional time in the third was :32, 1:02 1/2, 1:32 1/2 and 2:03 1/2.

Unlan, the world's fastest trotter, was given an ovation when ridden around the course by his owner, C. K. J. Billings. The 2:14 trot went seven heats and finally was won by Harry J. S., the son of Admiral Dewey taking the fourth, fifth and seventh heats. Andral the third and sixth, and Silk Hat the first and second. Fred Mac won the first heat of the 2:14 pace and The Ambassador took the next two, the race going over until tomorrow. Summaries:

ATHLETICS LOSE CLOSE CONTEST TO NEW YORK

MACK USES TWO VETERANS AND WYCKOFF.

Bender and Plank Allow Only One Hit Each in Three Innings—Visitors Get Winning Run Off Wyckoff in Eighth.

Philadelphia, Oct. 6.—Manager Mack sent in two of his veteran pitchers and Wyckoff in the game against New York this afternoon, the visitors winning by 2 to 1. Only one hit was allowed in three innings by Bender but errors by Barry, Oldring and Bender permitted Maisei to get to third base in the first inning and the latter stole home. Plank also allowed only a single hit in three innings.

The visitors got the winning run off Wyckoff in the eighth session on Maisei's single and steal of second. Wyckoff's wild throw and Cook's single, Bender struck out five batters, Plank two and Wyckoff one. With the exception of Baker and Lapp, who made a single and a double each, the home team did very light work with the stick.

FRANKLIN SCHOOL OPENING IS EVENT OF PROFIT AND PLEASURE

Third Ward Teachers and Parent-Teachers Association officers extend Hospitality to Patrons and Friends—Many Improvements in Building.

More than two hundred gathered Tuesday evening at the Franklin school to inspect the recently completed improvements, attend the opening day program of addresses and music and partake of the hospitality of the Third Ward teachers and Parent-Teachers' association officers. Ellsworth E. Wells, board member from the ward, appeared as first speaker and Mrs. T. H. Buckthorpe, association president, was chairman of the evening. The principal address was made by Supt. Charles E. Collins. Music by the high school orchestra enlivened the program and the hostesses' serving of palatable refreshments added to the pleasure of the social hour.

"The Modern High School" was the subject of Superintendent Collins in a comprehensive discussion of the history and tendencies of secondary education. Democracy is the aim and trend of education today and the idea of arbitrary subjects taught to an exclusive few for discipline alone is fast giving way to an ideal more useful and more humane. The secondary school originated as an institution for college preparation. Latin and Greek composed the bulk of the curriculum and education of that day was adapted to the needs of but a limited number. Secondary education was furnished by the private academy alone and the educational advantages of the people at large were meagre indeed. In a democratic country this conception could, however, not endure, for "About fifty years ago the people began to see that the same work which had been accomplished by the private academy could be accomplished by the state and the greater advantage resulting from such a course would more than justify the change. The poor and rich would attend the same school and thereby learn to know each other, discouraging the formation in this country of social distinctions and a separate classes. Since that time the growth of the high school has been very rapid until today we have thousands of secondary schools conducted by the state, with the academy almost a thing of the past."

In the second portion of his paper Mr. Collins gave in review the improvements recently perfected in school equipment and mentioned the difficulties under which the work has been conducted. "I should like for any of you," he said, "to point to a single instance where you have known more to be accomplished by a board of education than has been accomplished by the local board since Aug. 1 of the present year."

The talks which followed touched upon the excellent improvements completed by Mr. Wells and gave ungrudging appreciation for the improvement policy of the board as a whole. Those who spoke were Mrs. E. C. Carpenter, music committee head of the parent-teachers' association; Miss Laura White, principal of the grammar school building, and the principals of the respective ward schools; Miss Clara Cobb, Miss Agnes Paxton, Mrs. Edith Dunlap, Miss Elizabeth Higler and Miss Agnes Lusk.

The teachers of the Franklin school are Misses Edith Johnson, Florence Dresser, Florence Fox, Katherine Crane, Kathleen LaVelle, Flossie Proctor, Mary Clampt and Mrs. Edith Dunlap, principal. The officers of the Third Ward Parent-Teachers' association are: President, Mrs. T. H. Buckthorpe; Secretary-treasurer, Mrs. C. A. Patton; vice President, Miss Elizabeth Higler. The program arrangements were in charge of Mrs. Buckthorpe and the music, Mrs. Carpenter, Mrs. W. B. Winchester, Mrs. J. K. C. Pierson and Miss Higler had charge of the refreshments.

The following selections were given by the high school orchestra in an excellent musical program, concluded by a violin solo by Earl Briscoe:

"Rose of the Mountain Trail"
"Scene de Procession."
"Melody of Peace."
"Swanee Rose."

Men's Night Shirts and Pajamas, in any weight, are shown by FRANK BYRNS Hat Store.

WAVERLY YOUNG PEOPLE WEDDED

MISS RUTH CURTISS WEDS MR. JAMES SCHILLER.

Ceremony Beautiful in Detail Witnessed by Large Company of Friends.—Will Make Their Home in St. Joseph, Mo., in New Home Prepared by Groom.

One of the prettiest weddings ever held in Waverly was that of Miss Ruth Cornelia Curtiss and Mr. Jas. Schiller of St. Joseph, Mo., which was solemnized Tuesday evening at five o'clock at the City Hotel. The appointments in all details were perfect and the ceremony was one of unusual simplicity and grace, witnessed by seventy relatives and invited friends of the family, so happily united.

Before the ceremony Master Morris Turnbull, a violin pupil of Miss Curtiss, played an air from "Il Trovatore," by Verdi. Miss Bertha Parkin sang "Because," by Guy Hardelot, Miss Margaret Tietgen acting as accompanist. The soloist was in excellent voice and sang with great impressiveness. Miss Emma Burnett, as pianist, played "Love is Astraying Ever Since Maying," by Nevin. While she was softly playing the wedding march, the bridal procession made their entrance from the hallway. The bridesmaids were Misses Lura Allen, Irene Vandever, Elizabeth Shaver, Ethel Callens, Marjorie Dodd and Susanne Curtiss. These young ladies entered singing the bridal chorus from Lohengrin. They arranged themselves on either side, forming an aisle, through which the bridal party passed.

The Bridal Party.

The first to appear was the groom and the officiating minister, Rev. Mr. Bugbey of Roseville, followed by Mrs. Mary Riley of Jacksonville, an aunt of the bride who acted as matron of honor. Little Marian and Lillian Deatherage came down the stair way preceding the bride. Marian carried a ring hidden in the heart of a rose. Lillian carried a basket of bride's roses, both children were beautifully dressed in white. The bride was unattended and as she and Mr. Schiller stood before the minister who said the words that made them man and wife, Miss Burdett played "The Thrush," by Nevin. The ring service was used and after the benediction the guests departed to the dining room while the pianist played the Mendelssohn's wedding march. An elaborate wedding supper was served.

The bridesmaids were beautifully dressed. Misses Allen, Callens and Vandever wore gowns of yellow crepe de chene and Misses Shaver, Dodd and Curtiss wore white dresses. Mrs. Riley's gown was of Eclair, garnish lace over corn color satin. The bride wore a dress of white crepe de chene, made basque effect, accented pleated, tunic with baby Irish lace trimmings. She wore a tulle head dress and carried a large bouquet of bride's roses. Her only ornaments were a pink cameo and pearl pendant and brooch, the gift of the groom.

House Decorations.

The house decorations were very graceful, the colors green and white being used in the parlor, the desired effect being secured with plumosa, ferns, palms, and white daisies. The ceremony took place in front of a beautiful embankment of tulle and plumosa from which was suspended a white dove and wedding bells. The living room and hall were decorated with golden rod, ferns and daisies and sunset roses and yellow shade candles.

Young People Well Known.

The bride is the only daughter of Jyrus Curtiss and is exceedingly popular in her circle of friends. She graduated from the Waverly high school, and studied violin at the Woman's college. She is a young woman of such character and personality that she has the very highest regard of all who know her. She has been actively connected with the Young People's society and choir of the Congregational church of Waverly, and for more than three years has been secretary of the Amateur Musical club of that place.

Mr. Schiller is favorably known in Waverly having made many friends while located there temporarily as engineer with the C. B. and Q. railroad. He is the only son of Mrs. W. S. Gordon of St. Louis, Mo. and now has a fine position as draftsman for Collier-Adams company of St. Louis.

Mr. and Mrs. Schiller left for St. Joseph, Mo. last night, where a home already prepared by the bride awaits them at 1616 South 22nd street.

Out of Town Guests.

Friends and relatives present from out of the city were: Rev. and Mrs. Bugbey of Roseville; Mrs. Gordon, mother of the groom, of St. Louis; Mrs. Clarence Highlander, Galeburg; A. E. Sanner, Dalton City; Miss Edna Ljans, Farmer City; Jas. Pierson, Augusta; Mrs. Etta Allen of Pawnee; Mr. and Mrs. Frank Allen, Girard; Albert Allen, Palmyra; Mrs. Marjorie Dodd, Mr. and Mrs. Joy Harney, Virden; Miss Elizabeth Shaver, Frank and Miss Mabel Johnson, of Springfield; Mr. and Mrs. L. B. Turner and daughter Helen; Mrs. Mary Riley, Miss Susanne Curtiss, Jacksonville, Kenneth Schaff, Franklin.

Owing to the changeable weather it was hard to tell what weight underwear or sleeping garments a man may want, but all weights are shown by FRANK BYRNS Hat Store.

ANOTHER CLEAN-UP
BENEFIT IS ARRANGED

Committee Announces Special Entertainment at the Grand Thursday—Hope to Clean Up Deficit.

Through the kindness of the management of the Grand Opera House the Clean Up committee has arranged to defray the remaining part of the deficit which was incurred during the Clean Up campaign last spring. It will be remembered that at that time committees representing various organizations appointed for the different wards had charge of hauling away all trash and rubbish in all part of the city.

At it was a co-operative undertaking, insufficient funds were collected by the various committees to pay for the hauling away of these accumulations of rubbish. The results of the campaign were very satisfactory as to the point of getting people to clean up around their premises, but unfortunately money was not subscribed to pay all the teamsters who hauled away the three hundred and forty-four loads of tin cans and trash. This is the reason for the benefit tomorrow night.

At the Opera House a most remarkable picture will be shown entitled "The Great Leap", featuring Robert Harron, Mae Marsh and a notable cast. The picture is remarkable because it shows a hazardous jump being taken by two riders on a horse leaping from a high precipice. In addition to this stirring and thrilling melodrama of a Kentucky family feud a special fancy bicycle riding exhibition will be included on the program.

This special program will all be offered at the regular price of ten cents. Children five cents.

Committees of public spirited people are canvassing the various wards to sell the extra number of tickets required. People can get tickets from Mrs. Reid, chairman of the Clean Up committee at her home 235 West College avenue. The committee has arranged to give one ticket for every ten tickets sold, a most liberal inducement to children who should be able to sell many a dime ticket to their many neighborhood friends.

NORTHMINSTER SUPPER.
Thursday evening, Oct. 8, Northminster chicken supper. Begins at 5:30. 35 cents.

MISS MAE ALLINSON SCOTT
TO WED ARTHUR VAN WINKLE

Announcement Was Made at Party Given by Miss Lucy Ball—Wedding will Take Place Latter Part of this Month.

Miss Lucy Ball of Caldwell street, entertained a few friends, Tuesday afternoon at an "It Reminds Me" party, at which time announcement was made in an unusual and original way of the engagement of Miss Mae Allison Scott of this city, to Mr. Arthur Van Winkle of Waverly.

The wedding is to take place the latter part of October. Delicious refreshments were served. Miss Maudie Van Winkle of Franklin was among the out of town guests present.

LIGHT COMPANY INVENTORY
WORK IS PROGRESSING

Two Weeks Extension of Time Granted by Commission as Task Cannot be Completed by Oct. 14.

The inventory for the Jacksonville Railway & Light Company which is being made in accordance with the order of the Utility Commission, is now progressing in a very satisfactory way. The engineers are being aided by a large number of young men who are gathering statistics and thus quite a large force is busy with the matter.

It was found impossible to complete the work by Oct. 14th and the board has granted a two weeks extension of time. It is believed that this will be ample to permit a completion of the inventory and for checking the same. Then the whole case will be laid before the commission by the company and the city and an agreement on the entire matter is expected prior to Jan. 1.

ANNUAL OPEN MEETING ANNOUNCED
BY COUNTRY CLUB OF ORLEANS

With Mrs. F. E. Drury—Italian Art is Subject at Regular Meeting Tuesday Afternoon.

Plans for the annual open meeting were announced Tuesday afternoon at the regular bi-weekly gathering of the Woman's Country club at Orleans at the home of Mrs. James Cunningham. Italian Art was the theme of the afternoon and after the program the members and guests enjoyed a pleasurable social hour, at which there were served delicious refreshments. Thursday evening, Nov. 5 was named as the date of the annual social, at the home of Mrs. F. E. Drury, near Orleans. Mrs. W. H. Hinrichsen, Mrs. Margaret Colwell, Mrs. A. A. Curry and Miss Blanche Cunningham constituted the domestic science committee and Mrs. James Holmes is chairman of the committee on program.

An interesting paper on "Leonardo da Vinci" was read Tuesday afternoon by Mrs. Charles Davis and a second on "Titian" was given by Mrs. George Holley. Mrs. William Cleary discussed "The Burning of Pompeii" and Mrs. J. H. Dobyns treated in her paper of "The Cities of Italy." Great artists were mentioned by the members as their names were called at roll.

The next meeting will be held Oct. 20 at the home of Mrs. Catherine Magill.

GIRLS! GIRLS! TRY IT.
BEAUTIFY YOUR HAIR

Make It Thick, Glossy, Wavy, Lustrous and Remove All Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter and just try it.

FRANKLIN TOLL CASE HEARD
BY UTILITY COMMISSION

Telephone Company Makes Argument for Authority to Institute Charge—Objectors Allowed a Week for Filing Protest and Reply.

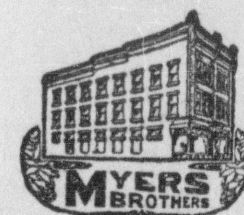

The petition of the Illinois Telephone Company for authority to charge a toll of ten cents for talking between Jacksonville and Franklin was heard by Commissioner Funk of the Illinois Utility Commission Tuesday.

W. W. Holliday, general manager for the company, took the stand as a witness for the company and Benjamin Boynton of Springfield appeared as the company's attorney. Paul Fritchey as secretary of the Chamber of Commerce, appeared to enter a protest against the installation of the rate and a petition signed by Franklin telephone users was filed making objections. Commissioner Funk, after hearing the company's side of the case, allowed the objectors a week in which to make formal statement of their case.

The company in asking for authority to make a toll charge of ten cents for talking between Jacksonville and Franklin alleges that with a free phone service a vast amount of unnecessary talking is done by non-subscribers and subscribers and that frequently the public at large, who desire to use the line for commercial purposes, cannot have the opportunity. The company claims that the charge would not be a hardship upon anyone who really had the need for talking over the line and the service as a whole would be improved.

The Franklin objectors set forth that an old agreement made when the phones were installed entitles them to this free service. The company acknowledges there was such a verbal agreement which was to be effective for a limited time, but does not consider that the action then should in any way interfere with the change desired now. The Chamber of Commerce objections mentioned that the service now was important to the business interests of Jacksonville and Franklin and that many phones had been installed because of the free service between the two. It was suggested that if the toll was to be charged in order to increase the general revenue of the company that it would be better from the subscriber's standpoint to simply increase the monthly rental charge. The objections or protests were not made in the form which the usages of the board prescribe and accordingly as stated above a week was granted in order to permit having the objections made in such form.

Fall Sale of "KITCHENEEDS"

Twice a year, spring and fall, we organize a special sale of Kitcheneeds. During this time we make a special effort to acquaint every person, man woman and child, with the exclusive features and value of these wonderful "Kitcheneeds," the better kitchen cabinet. This season especially with all the new improvements, we are sure that every person to whom we have an opportunity to show this "better kitchen cabinet" should and there is none other.

The Better Kitchen Cabinet \$27.50 Up

Buy a Kitcheneed tomorrow and every day will be more enjoyable. You'll have less work to do and it will be better done in less time. Kitcheneeds are built to last a life-time—and that means a life-time of Kitchen Comfort.

Here Are Just a Few Exclusive Features of
Sellers "Kitcheneed"

Automatic Lowering Flour Bin

Fifty lbs capacity—has funnel shaped sifter attachment, sifting into a teacup. Bin comes forward and swing down until filling opening is level with table top. Springs lift back flour bin when filled. The greatest improvement in kitchen cabinets—only on the Sellers Kitcheneed.

Roller Sliding Top

Underneath the roller-bearing, easy-sliding top the Kitcheneeds comes equipped with a wood panel dust-proof partition. This is duplicated on the bottom, making the base an absolutely dust tight box. The metal covering of the top is guaranteed against buckling. Every effort is made to make the Kitcheneed the most sanitary and durable Kitchen Cabinet possible.

New Ant Proof Casters

Strong steel caster, heavily nickel plated. Filling bowl above the caster wheel with water, oil or powdered borax renders it impossible for ants or other insects to enter cabinet.

Disappearing Roll Curtain

Sanitary Rolling Curtain—Instantly disappears, rolls up and out of the way. Keeps dust from provisions stored within cabinet. Patented metal slide construction can not stick. Guaranteed for the life of the cabinet.

Complete Glassware Set

Sugar Receptacle with automatic outlet and graduated measuring cup. Seven Spice Jars, five with snap on covers, two perforated for salt and pepper also Glass Tea and Coffee Canisters. Soap on covers—slight pressure of thumb upwards all that is necessary to operate.

\$1.00 Per Week!

**\$1
PER WEEK**

Remember, Andre & Andre are Exclusive
Agents for "Kitcheneeds"

Large Sanitary Base

The cut will give you but a slight idea of the neat appearing, sanitary base. Easy to sweep under without moving the cabinet. Your husband would not buy an old fashioned low-based desk for his office—why not get the latest sanitary ideas in Kitchen Cabinets?

Dove Tail Built

This in connection with the other feature goes to make Sellers' Kitcheneeds the finest made cabinets in the world.

All joints of cases and drawers are dovetailed like a high-price dresser. This makes for far greater durability and service.

Patented No-Spring Lock

All latches on the Kitcheneeds are made under exclusive patents. It is made of two moving pieces with 10 springs to wear out. Doors always stay shut.

Compact Convenience

Everything you can possibly use in the kitchen right at your finger tips. Plenty of space for dishes, cutlery, pans, lids, etc.

Plush Lined Tray

A feature only on the "Kitcheneed" is a removable sliding plush lined knife and fork tray in the second base drawer to the right. Place for rolling pin and cutlery in drawer above base cupboard.

Get the Corn Crib Ready

Indications now point to a much larger corn crop than was expected. Get your cribs into condition. You will find cypress cribbing, with beveled edges, the easiest to handle, best and most durable.

Perfection Shingles

Perfection Red Cedar Shingles have real quality. They show in grain and clearness that there is nothing better made. Have your contractor use "Perfection" Shingles from British Columbia.
